- Display

This highly functional, 250 pound capacity utility cart is ideal for light duty transport of goods and materials. One person can easily turn and maneuver this 2 wheel cart. Large durable 16" diameter tires, a foot operated tip plate and a functional cargo retention angle ensure that product stays put. This cart is used universally in many applications to reliably move items quickly and efficiently from place to place. Easily identify contents when using the included document pocket. This 2 wheel cart is constructed with 16 gauge steel tubing and finished with a zinc plated lacquer dip.
